Location

Oakland, CA
United States

Description

A statewide quality improvement program that aligns purchasers, health plans, providers and other partners to strengthen primary care and improve outcomes for Californians. Through multi-stakeholder alignment and hands-on implementation support, CQC helps primary care teams integrate behavioral health and translate shared priorities into measurable improvements in care.

Non-Profit
Description

A nonprofit coalition representing nearly 40 private employers and public entities across the U.S. that collectively spend $350 billion annually purchasing health care services for more than 21 million Americans and their families. PBGH has a 30-year track record of incubating and scaling new, disruptive operational programs that lower health care costs and increase quality across the U.S.
