Location

Washington, DC

United States

Description

The NIHB's Behavioral Health programs strive to support the development of programs that respect culture and Tribal sovereignty, and promote the balance between the mind, body, heart and spirit. In keeping with this focus, NIHB brings Tribal governments timely information to support health care policy analysis and decision-making.

Organization Type

Non-Profit

Description

A board that continually presents the Tribal perspective while monitoring federal legislation, and opening opportunities to network with other national health care organizations to engage their support on Indian health care issues. The only organization of its kind; dedicated to strengthening healthcare for all American Indian and Alaska Natives (AI/ANs).
