Mission

To make high-quality health care accessible and affordable for every American, through deep partnerships with health systems, nonpartisan policy research and education, and open sharing of tools and findings that equip others to scale what works.

Name

Laine Wardlow

Title

Senior Director of Clinical Research

Email

lwardlow@westhealth.org

Location

La Jolla, CA

United States

Description

A non-profit dedicated to making high-quality health care accessible and affordable for every American. A core pillar is advancing integrated behavioral health in primary care by partnering with health systems to co-design, implement, and scale solutions that work. West Health shares all tools and research openly, believing the challenges facing U.S. health care are too urgent and too large for any one organization to solve alone.
