Mission

To advance evidence-based, stakeholder-informed primary care innovation nationwide. Embedded in a large safety-net health system (MWHS), Weitzman partners with FQHCs and health systems to deliver high-impact, practical research, education, and policy.

Description

An organization that advances behavioral health integration through research, training/technical assistance (e.g., Project ECHO, Learning Collaboratives, QI coaching), and practice transformation support for primary care and safety-net health systems nationwide. Our work strengthens whole-person care by integrating mental health, substance use, and primary care services across the lifespan, with a focus on workforce development, implementation science, and sustainable models that improve access, quality, and patient outcomes.

Description

Working across the United States and beyond, Moses/Weitzman focuses on the people and communities most in need of high-quality primary care services. Companies within the Moses/Weitzman Health System advance the delivery of primary and specialty care through practice, research, systems transformation, and training the next generation of health care leaders.
