Location

Sturtevant, WI
United States

Description

COA Accreditation, a service of Social Current, accredits the full continuum of social and human services, including behavioral health. This includes standards for Health Home/Integrated Care and Certified Community Behavioral Health Clinics (CCBHCs). Staff and volunteer peer reviewers partner with organizations to help them enhance and align practices with research-based, field-informed accreditation standards. COA accredited organizations are in all 50 states, Puerto Rico, and military bases worldwide.
