Description

To meet children's behavioral health needs, these programs from HRSA's Maternal and Child Health Bureau (MCHB) help pediatric health professionals with consultation, training, resources, and referrals. This support helps them effectively add behavioral health to routine checkups.

Description

An agency within the U.S. Department of Health and Human Services (HHS) dedicated to improving healthcare access for underserved and vulnerable populations. HRSA administers programs that provide funding for health centers, workforce training, maternal and child health services, and initiatives to address rural healthcare disparities, HIV/AIDS care, and organ donation. It also oversees the National Health Service Corps and works to

strengthen the healthcare safety net nationwide.
