

Naresh K. Vashist College of Medicine Department of Primary Care and Rural Medicine Integrated Behavioral Health Program (IBHP)

Mission

To increase access to whole person healing for all.

Name

Meredith Williamson

Title

Director of Integrated Behavioral Health

Email

Meredith.williamson@tamu.edu

Location

Bryan, TX

United States

Description

A program that leads BHI interprofessional service delivery, clinical education, and clinical research initiatives through local, regional, and national partnerships. Recognized by both local and national training awards, IBHP initiatives have supported the acquisition of over \$15 million in external funding, 26 peer reviewed manuscripts, and over 80 national presentations related to BHI and education in medical settings.

Academic Institution

Description

A community-based, research-driven academic medical institution that combines world-class education, compassionate care, and translational innovation. Whether in rural clinics, urban hospitals, NASA labs, or classrooms across the state, they equip leaders to solve healthcare's biggest challenges with purpose, empathy, and the power of the Aggie spirit.
