Mission

To support the continuing transformation of primary care in Rhode Island as the foundation of an ever-improving integrated, accessible, affordable, and equitable health care system.

Location

Warwick, RI

United States

Description

CTC-RI brings together critical stakeholders to implement, evaluate and spread effective multi-payer models to deliver, pay for and sustain high-quality, comprehensive, accountable primary care. It has designed, implemented and evaluated IBH models and provides workforce and practice development programs.
