

Pediatric Integrated Primary Care Research Consortium (PIPCRC)

Website

<https://www.pipcrc.org/>

Mission

To stimulate, facilitate, conduct and disseminate collaborative research and scholarship in order to advance the science, practice, and policy of pediatric integrated primary care, ultimately to enrich the lives of young people and their families.

Name

Andrew Riley

Title

Director

Email

rileyand@ohsu.edu

Location

Portland, OR

United States

Description

An open-membership collaborative of pediatric integrated primary care clinicians and scholars. The PIPCRC was initially conceptualized as a “living laboratory” to conduct pediatric integrated care research and spur cross-institutional collaboration using a set of streamlined processes.
