Mission

To drive progress for the benefit of society by providing independent, objective advice to advance science, engineering, and medicine.

Name

Marc Meisnere

Title

Director

Email

MMeisnere@nas.edu

Location

Washington, DC

United States

Description

A committee that discusses relevant primary care data and information during 2-4 public meetings each year and serves as a focal point for discussions on priorities in primary care policy in the federal government. The committee maintains surveillance of the primary care field, including published studies and changes in clinical practices and policies, and responds to questions from government agencies and sponsors.

Description

The National Academies provide independent, trustworthy advice and facilitate solutions to complex challenges by mobilizing expertise, practice, and knowledge in science, engineering, and medicine. We envision a nation

and world that rely on scientific evidence to make decisions that benefit humanity. At the core of our work is an unwavering commitment to objectivity, scientific rigor, and truth.
