Description

A large health system that incorporates BHI into care using both the PCBH and CoCM models of integration. Their universal screening processes for depression and anxiety identify behavioral health needs for their population of patients. They are one of only a few programs that offer a BHI practicum for social work interns as well as a required integrated care and CoCM rotation for psychiatry residents.

Description

University of Utah Health is the only academic medical center in the state of Utah and the Mountain West and provides patient care for the people of Utah, Idaho, Wyoming, Montana, western Colorado, and much of Nevada. It also serves as the training ground for the majority of the state's physicians, nurses, pharmacists, therapists, and other health care professionals.
